### Editor Reviews

5 out of 5 people found the review helpful:  
" If you have a sweet tooth in Louisville, you need to know about this place. It is cake-eater's heaven. The ice cream is homemade and hand-dipped and very good, including such seasonal flavors as pumpkin, peach, and ..." [\[Read More\]](#).  
- **Michael Stern**

"Fluffy-topped and sweet-bottomed, the Pie Kitchen's lemon meringue pie is a classic. We were especially impressed by the lightness of the lemon part."

- Michael Stern

"The story is that chess pie got its name when someone asked the cook what kind of pie they were serving. The cook, a southerner of course, responded, 'jes' pie.' That crumbly top results from the heat of the oven."

- Michael Stern

"This picture does not convey just how red the red velvet cake is. It is particularly well-complemented by the cream cheese frosting."

- Michael Stern

"We don't know for sure, but it's a good bet that hummingbird cake got its name because it is about as sweet as the nectar on which hummingbirds feed."

**- Michael Stern**

"Temptation!"

**- Michael Stern**

"A quiet bakery that is mobbed by people getting take-out orders before holidays"  
- Michael Stern
